THE REFLECTOR

1953

Published by the
Students of
SOLDAN-BLEWETT
HIGH SCHOOL
St. Louis, Missouri

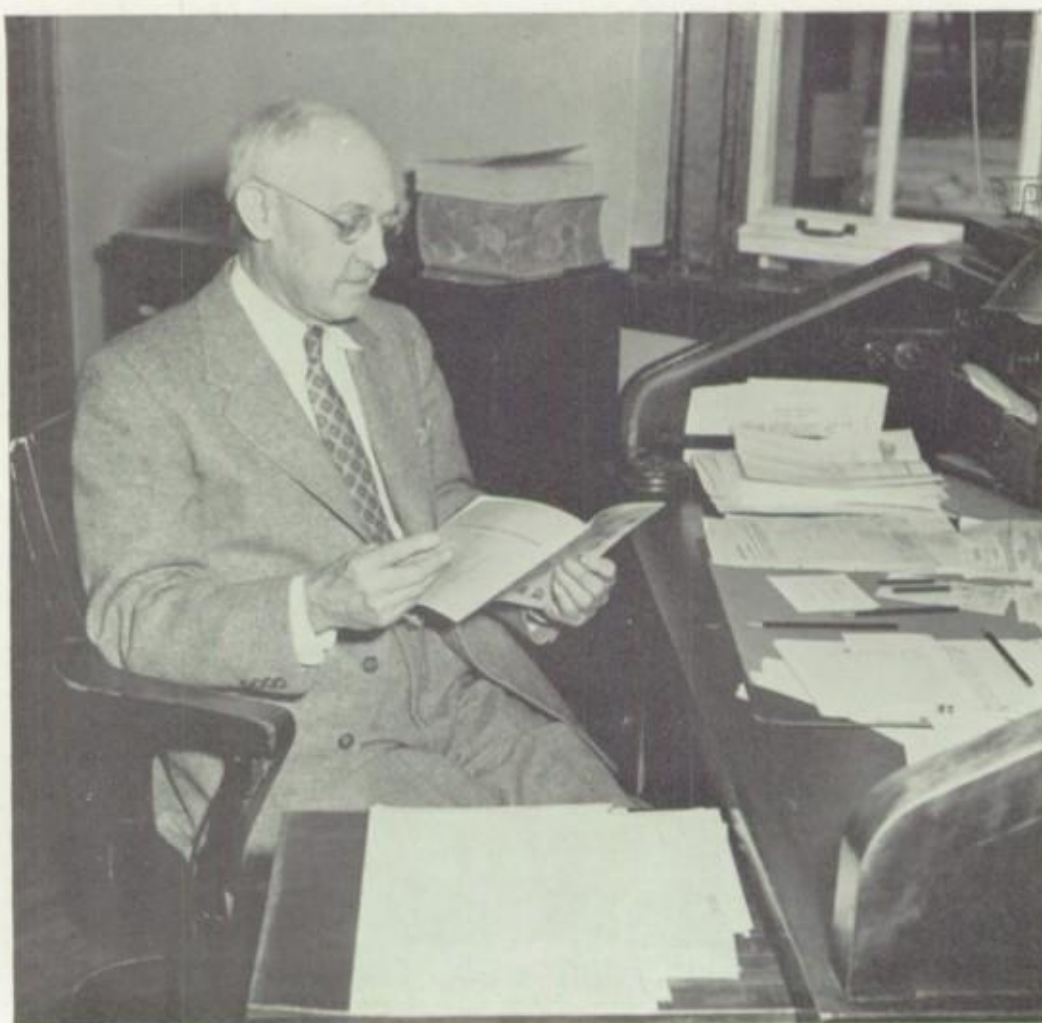

DEDICAT

WITH the highest admiration for his leadership and friendship, we dedicate this issue of the REFLECTOR to Ben H. Barr, principal of our beloved alma-mater, Soldan-Blewett.

He has rendered invaluable service to us and to countless others who have previously attended this school. His administrative qualities, sense of humor, and ability to get along with teachers and students alike is greatly appreciated by all of us. Under his leadership two fine schools were merged into one great one, Soldan-Blewett. The greatness of our school and the men and women it has produced make it the great tradition, to strive for and to achieve.

Towards this end, Mr. Barr has worked unceasingly during the many years he has been associated with our school. Thus, it is fitting that we dedicate this yearbook to our respected and revered principal, Mr. Barr.

FOREWORD

The last few months have been busy ones for the REFLECTOR staff. We have been preparing many articles and pictures and organizing them into an interesting and informative yearbook ready for publication. We think that the articles, pictures, and other features in this edition will call to mind in later years the many cherished memories of the school year 1952-1953 at Soldan-Blewett.

SENIORS

As the Seniors step forth into the world and take on responsibility and face the realities of life, they look back upon their years in high school as the happiest years of their lives. They remember the eagerness they felt as they watched the many classes before them and how proud they felt when finally they were enjoying their last year at school.

Some of them are now ready to go on with their education in college, others have decided to meet the business world and its challenges. Whichever it be — Good luck to the new alumni of Soldan-Blewett.

Class Banner — January 1953

This class goes forth with open mind and heart
To seek a place where each may do his part;
To work and strive and ultimately gain
The pillar of success, that is our aim.

With integrity of character to guide our way
We can attain our high ideals and never go astray;
We now go out into the world with faith and trust,
And know that we will win and honor what is just.

Our success and happiness are yet a distant goal.
We must make the world a better place, strong in
mind and soul.

Guided by Truth, Honor, Freedom, Courtesy, we shall
do our best,
And have faith in God to help us guard our efforts
in this quest.

A desire and inspiration, a need for work and
pleasure,
On this foundation our thoughts are moulded, our
plans in every measure.

In our pilgrimage along life's path, may all our deeds
profess,

Integrity of Character, the Pillar of Success.

Class Banner — June 1953

We are the youth—the hope of our country and the world.

But, what is this hope?

What are we to do

To justify the faith

And fulfill the hope?

We have been taught

The many subjects in the curriculum of youth.

We have received the knowledge and absorbed it,

We have delved into the wonders,

The wisdom, the sciences, and the culture of the ages.

All has been given to us

And given freely.

We have learned to love freedom, our fellow man, the Arts, sciences, and history.

We have learned to learn.

And in attaining this,

Have entered the portals of wisdom.

What shall we do with our knowledge?

Shall we keep it to ourselves and say,

We have learned all?

Shall we remain in our towers of ivory—

Smug and self-satisfied?

No! This we shall not do.

We have not been made into monuments of knowledge,

That are to become engulfed in selfish minds,

For this wisdom must be used for the benefit of all mankind.

We must come forth with utmost effort,

To bring to all brotherly love,

The joy of happiness in freedom,

Of freedom in life,

Of freedom everlasting,

Thus,

Youth of today, shall be the Guardian of peace.

ACTIVITIES

We at Soldan-Blewett are proud of the variety and strength of our student activity program. While the regular curriculum provides the backbone of our learning for our practical and scholastic future, activities teach us the invaluable lessons of getting along with our fellow students in work and play. In some instances these activities approach the problems and solutions of future pursuits. Above all they make the school alive and have importance away from the classroom. So, school activities are those extra-curricular abilities which are creative and make us the balanced and normal individuals that we hope to be.

Student Council

The Soldan-Blewett Student Council was formed in the fall term, 1950, after repeated requests by the students were approved by our principal. The first president was Robert Dieckman, who has been followed by five excellent successors.

The formation of the Student Council was the culmination of a long-time desire for a student representative body in which the wishes of the students could be expressed. One of the first accomplishments of the Student Council was the combination of the lunch rooms. For years, there had been a girls' and a boys' separate lunchroom. Now, we are able to eat in either lunchroom. Another of the first works of the Student Council was our school appearance in Prom, the teen-agers magazine. This had been

Student Council

opposed until the Council's hard work gave us a chance to appear. Then followed a series of dances, drives for sports' ticket sales, and special aud. sessions. The formation of Good Citizenship Week, during which Student Council elections are held and good citizenship is especially observed, is now one of our nicest traditions. This past term, a new Soldan-Blewett tradition was begun. For the first time, we played a Homecoming Game, sponsored a Homecoming rally and dance and crowned our first football queen, Betty Duncan. We hope this will be a lasting tradition.

The result of the Student Council's formation and work has been an increase in friendliness and spirit throughout the school. And after all, that is really the most important aim to accomplish.

Paid In Full?

Agora, Greek for meeting place, meets every day in room 317, second period under the sponsorship of Mr. Gummersheimer. Agora consists of one member from each advisory in Soldan-Blewett. Their chief duties are to sell the school newspaper *Spotlight*, the school yearbook, *REFLECTOR*, and passes for football, basketball, and other athletic activities.

There are seven teams this year under their own individual team captains. At the beginning of each second period the members of these teams deposit the money they have collected from their advisories with their team captains, who in turn write out a receipt for each depositor. They then deposit all the money they have collected with the teller. When this has been completed the teller then turns the money over to the file clerk to finish the business of the day.

Service Club

Fall Term

Several students are on duty each period of the day in the office where they are available for messenger service and other tasks. When an important message is received for a student, within a few minutes that student can be contacted and the message delivered. This helps to illustrate one of the many ways in

which the Service Club gives help when needed.

Other services performed include assistance in the library, the doctor's office, the lunch room, the girls' gymnasium and hall and locker room supervision.

The Reflector

Captain and First Mate

Realizing that publishing a yearbook of which the students will be proud has its trying moments, the REFLECTOR Staff believes it has succeeded in bringing the student body a good picture of your 1952-1953 school life. The head staff member and foreman of the production is our sponsor, Mr. Forsman.

The steps of production, though able to be stated in a small space, take the full school year to complete. The first evidence of our work is the fall picture schedule. These pictures are taken, sent to the engraver, and identifications sent to the printer.

We must now select layouts that will be new and attractive. Always in the back of our thoughts is the idea of some innovation in the general layout of the book. Also we must keep in mind the purpose of a yearbook — to bring the students the school's major events told mostly in pictures.

Spring must stimulate work because then the staff members realize that the deadline is nearing and the work not yet nearly completed. Another picture schedule is posted and the same procedure is gone through again as was done in the fall.

By now most articles are in and the "dummy" is shaping into a completed yearbook. A campaign for subscriptions is held and hopes are high for a record breaking response.

The student body now anticipates the coming of the yearbook just as much as the staff. When it does arrive in the nineteenth week, it is a matter of custom that each one exchange his REFLECTOR with another to write some catchy saying in it. The staff sincerely hopes that you enjoy your copy of the 1953 REFLECTOR.

Journalism

The Journalism Class under the sponsorship of Miss Helen C. Koch is one of the English courses offered to students of terms seven and eight who have the required grade average. Its main object is to instill in its members the feeling that they are actually reporters working in a real newspaper office, publishing the school paper, SPOTLIGHT.

The Journalism Class is divided into two groups, the staff members and the cubs. The staff members have had one term of journalism experience, among whose duties is to gather news, write editorials, proof read, type, make headlines, and endeavor to help the cubs with the responsibilities of a newspaper.

Near the end of the term, the cubs receive the opportunity to show what newspaper knowledge they have gained by "putting out" their own edition.

The course provides valuable training for students who plan to make journalism their life's work. It is also an asset for its English training.

Miss Helen C. Koch

Spotlight

The Soldan-Blewett newspaper, Spotlight, is the product of the Journalism Class. This newspaper has received a rating of "Superior" by many universities.

Through Spotlight, the Journalism Class endeavors to cover as many social and academic phases of school life as possible. It helps Freshman and new students from other schools to become acquainted with the prominent activities of their new school.

The paper, itself, resembles the average newspaper. Like the standard paper, Spotlight includes editorials, humor, sports, and news articles of interest to students.

Dramatic Guild

Fall Term

Miss Tish and Associates

The Dramatic Guild, under the able guidance of Miss Gertrude Lucas, is one of the largest clubs at Soldan-Blewett.

Membership is open to students interested in any phase of the theater, (acting, directing, makeup, lighting, and sound). At the meetings the members take part in skits and various other activities. An annual picnic climaxes the Guild's yearly program.

This year the Guild was honored by being asked to prepare a skit for the Annual St. Louis Public School Patrons' Alliance Dinner at the DeSoto Hotel in February. The skit "Girls Must Talk" proved to be an entertaining program and was very well received by a large audience. This play was repeated for the Mothers' Club in April.

As this book goes to press, the Guild, renowned for its annual full-length production, is diligently preparing the delightful comedy "Tish" which we expect to add to our long list of successful plays.

The Radio Production Class of Soldan-Blewett is one of the most interesting and beneficial classes in school.

It is not only a preparation for students who want to go into the field of radio, but gives one a knowledge of writing of scripts as well as the correct speech.

Under the leadership of Miss Gertrude Lucas,

the Class has given a number of programs on the Board of Education Station KSLH, programs for the Mother's Club and has participated in auditorium sessions for the school.

We are sure that the Radio Production Class will continue to give fine programs as it has in the past and will rise to even greater heights in the future.

Ha Ivria

Ha Ivria, one of the oldest organizations in Soldan-Blewett High School, is devoted to the advancement of Hebrew culture. This group gives its members a chance to broaden their knowledge and their viewpoints by becoming acquainted with the customs and history of the Near East.

Ha Ivria meets every other Friday after school. The group under the able sponsorship of Mr. Jules Biegelsen, has carried out an active program during the past year. Discussions were held which touched upon imminent problems facing the world today. Each member taking part in these discussions was given the oppor-

tunity to express his views besides being given valuable practice in the art of debating. Quiz programs with catchy answers were thoroughly enjoyed. All these programs were prepared throughout by members of the various committees. During the term Mr. Biegelsen taught the organization folk songs and folk dances. Ha Ivria was given permission to use films from a television serial for use during club meetings. These films portrayed certain well-known incidents from the Bible. Each term was climaxed with a party. There were refreshments, folk dances, singing, social dances, and a few games.

Art Appreciation Club

The Art Appreciation Club, under the sponsorship of Mr. Gronemeyer, is designed to bring about a better appreciation and enjoyment of art. The members are kept busy and interested in such projects as soap carving, the making of a scrapbook, linoleum cuts, and numerous contests in painting. Outside activities of the group include visits to the Artists' Guild and to the City Art Museum. Some of the highlights of the past year included two picnics at Mr. Gronemeyer's farm, a membership party, and a Christmas party. This group is open to any student interested in art. Meetings are held each Friday.

Fleur-de-Lis

The Fleur-de-Lis Club meets every other Tuesday at the close of school in room 218. It is composed of approximately 30 girls and boys interested in adding to their knowledge of French civilization.

The activities of the club include games, recordings, group singing, French films and trips to the Art Museum. The piece de resistance of the year is the spring picnic which is always well attended. All students interested in French are invited to join the Club.

Projectionist Club

All audio-visual equipment is operated by the Projectionist Service. This service includes the operation of the public address system, phonograph, tape recorders, and projectors. All members are first trained to run the projectors and later master the other equipment. In a special advisory, the schedule for the day is worked out under the supervision of Mr. Deall and also regular advisory work is carried on by Miss Rowan. The projectionists must maintain a "C" average so that giving up study halls will not work a hardship on their studies. Our equipment and manpower is used in addition to teacher requests, at the Washington University lectures and were used at the recent science convention.

Tutoring Club

The Tutoring Club is an organization designed to help students who need aid in certain subjects. The tutors are honor roll students who voluntarily give their time to help others. The tutors give aid in any subjects in which they are adept, such as languages, sciences, mathematics, and social studies. The Tutoring Club also helps new students who have transferred from other high schools to make out programs and to orient themselves generally. Under the leadership of Mrs. K. Chambers, the Tutoring Club has been able to render a great deal of service to the school and the members of the Tutoring Club are anxious to help anyone who has a problem.

Star Salesgirls

Pep Club

The Pep Club of Soldan-Blewett is a club composed of girls from all terms. The main purpose of this club is to promote school spirit. This organization is sponsored by Mrs. Sadie McCoy; the officers and club members plan and carry out the activities.

Different committees meet throughout the term to decorate for parties and to sell pom poms and pencils.

Each term a party is given to welcome the freshmen. The object of this party is to help the freshmen girls become acquainted with the other girls of the school and to learn about the activities of the club.

This term a special invitation was extended to the cheerleaders in order to combine the main promoters of school spirit. The members of the Pep Club are glad to serve the school in any way possible and welcome all new members.

Distributive Education Club

The Distributive Education Club, being in existence for six years, is managed under the splendid sponsorship of Mrs. McCoy.

The purposes of the club are to aid students in the field of retailing, to provide activities which will develop self-confidence in each member, to create proper co-operation between the members and their fellow employees as well as employer, and to help with the development of an understanding of the various retailing jobs among the members.

Included among the many outside activities of the Distributive Education Club was their attendance at the annual State Retail Convention which was held in St. Louis on March 3 and 4.

Ice Skating Club

The Skating Club, now in its second year, was organized in September 1951 under the able sponsorship of Mr. Eaton, our present sponsor. It was designed to benefit those who enjoy skating and those interested in learning to skate.

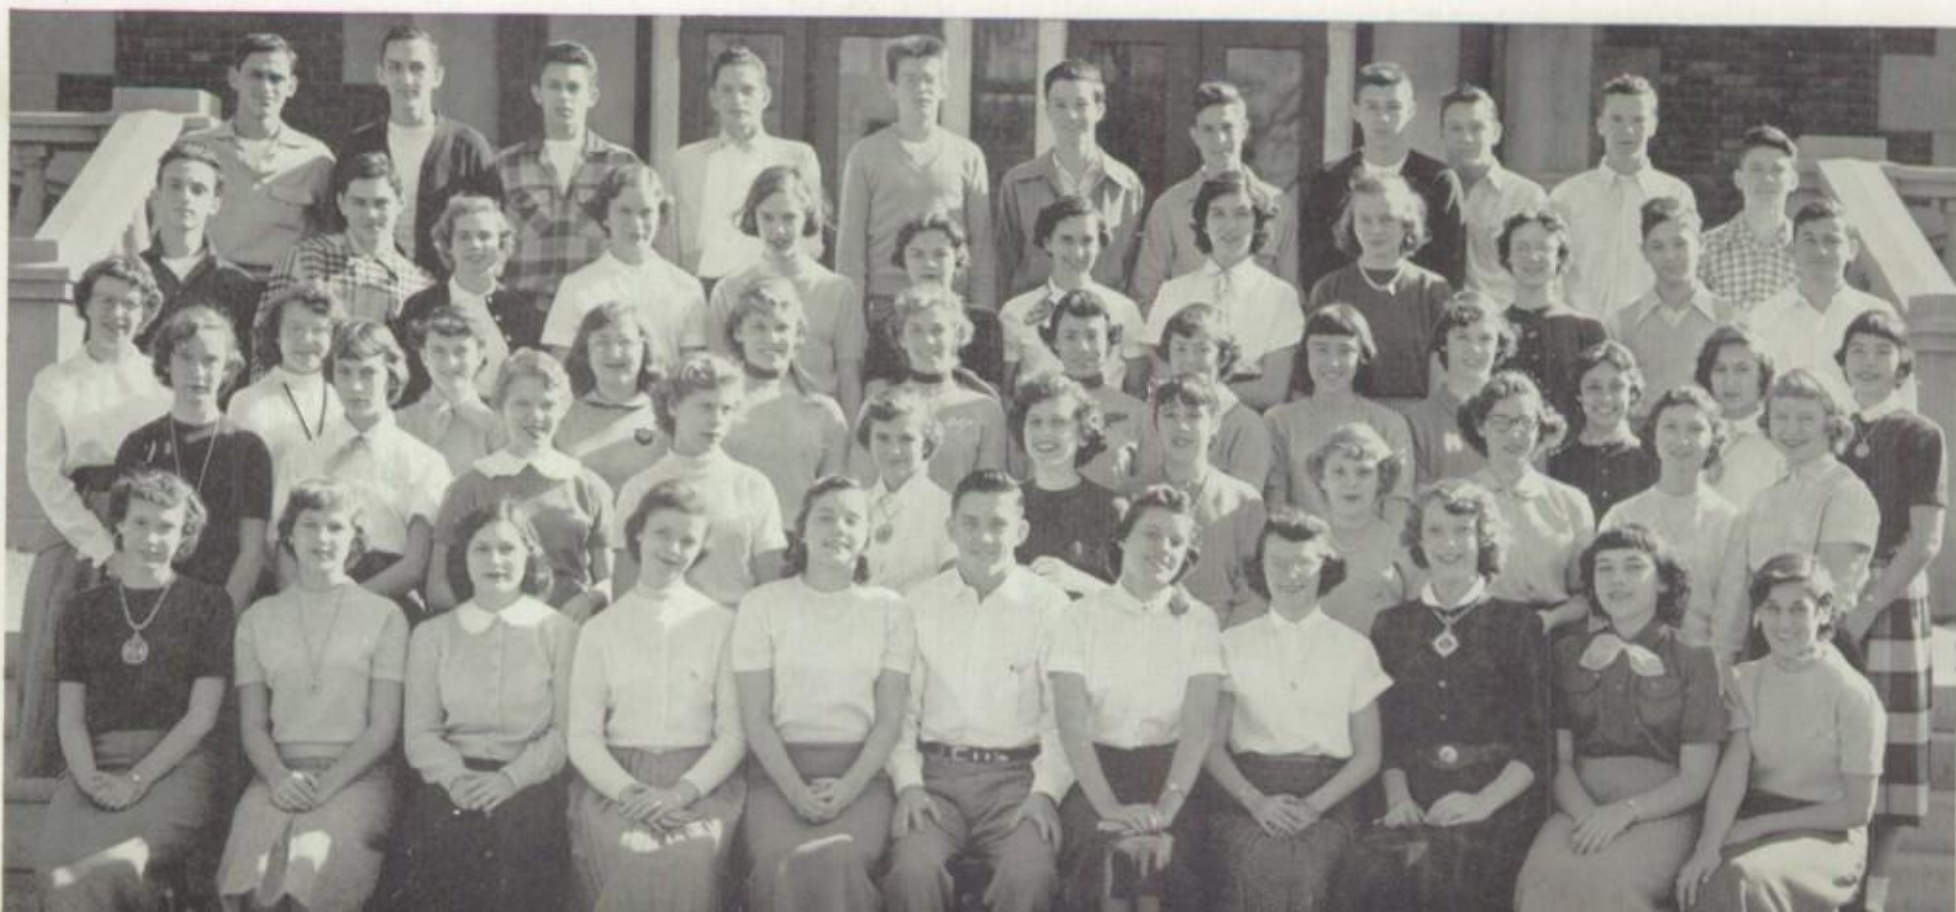

The club meets regularly during the winter months at the Winter Garden after school from 3:00 until 5:00. Special meetings are often held to plan parties or to submit new ideas to further the progress of the club.

Anyone who enjoys skating or is interested in learning to skate is invited to join our club and help us make it an even larger and better club this year.

Bowling Club

The Bowling Club is one of the many activities offered by the G.A.A. However, this year for the first time it was offered to boys as well as girls. The main activity of the club is bowling every Thursday at Nelson Burton Lanes.

The highlight this year was our invitational tournament with McKinley High. Although losing by a slight 85 pins, the experience was well worth the time. Other meets are planned for the future.

Everyone who is interested in bowling as a sport is always welcome to take part in the club's activities. Our Sponsors are Miss Ulery and Miss Mueller.

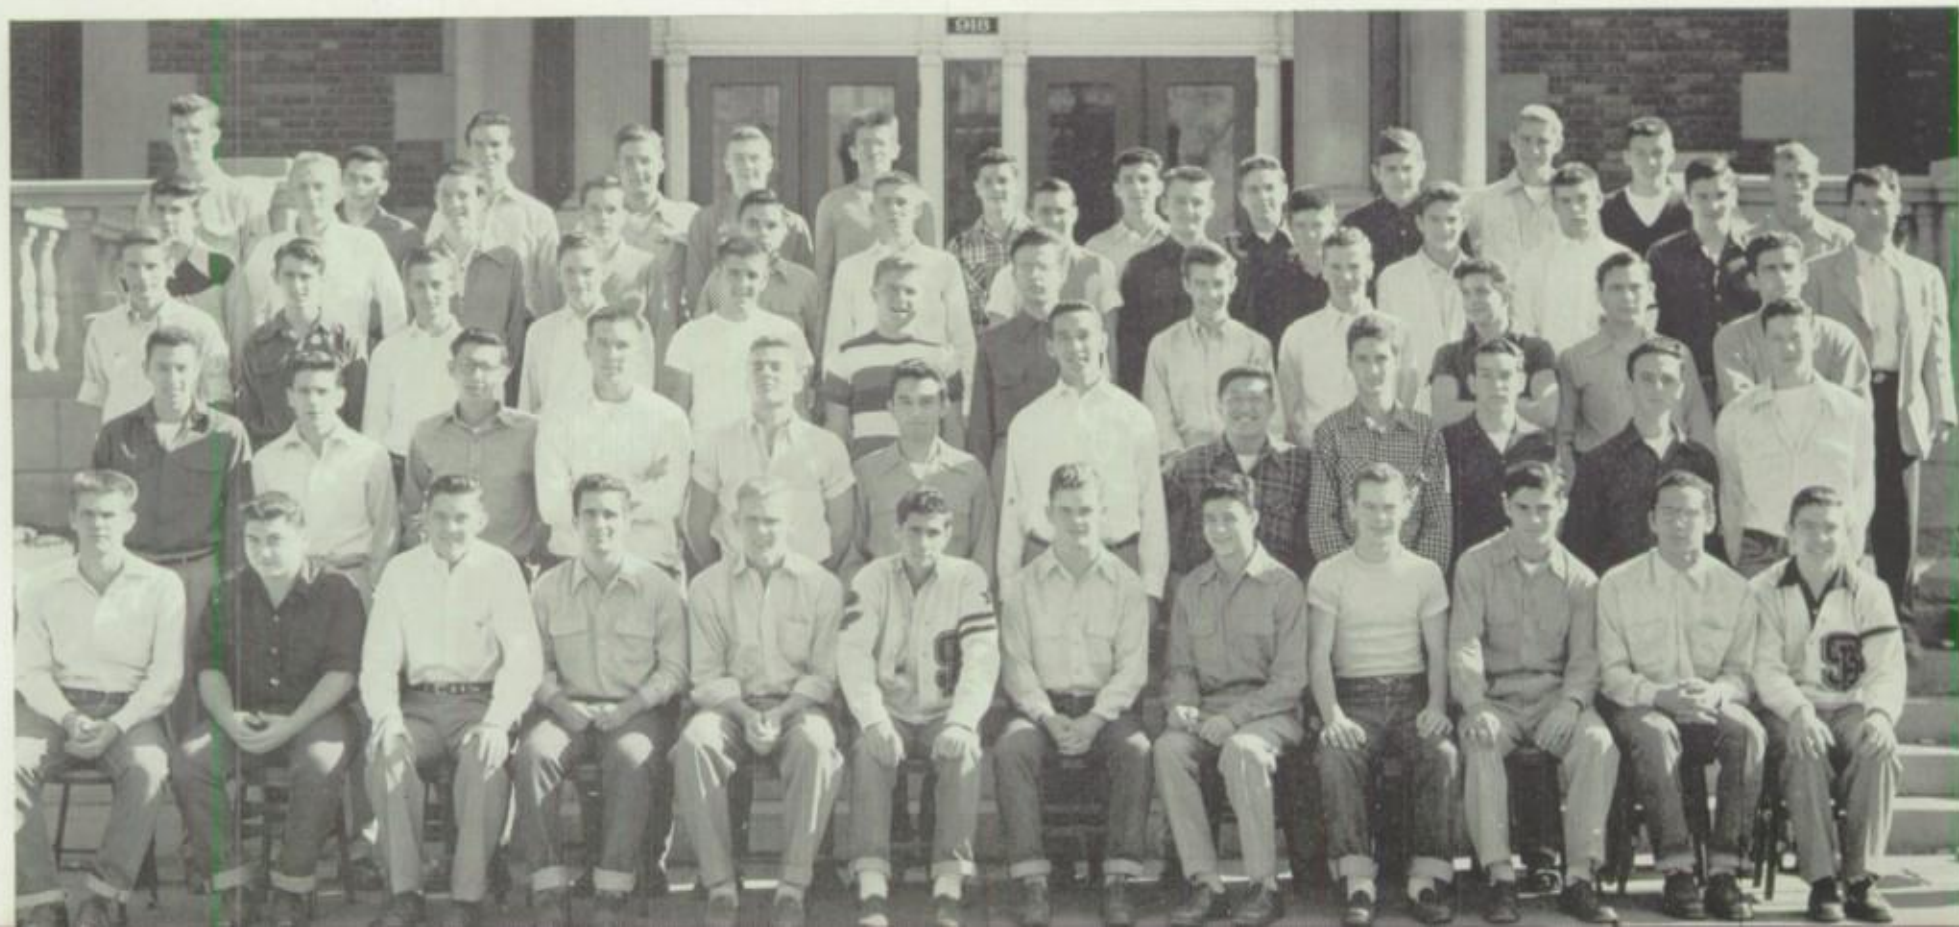

Lettermen's Club

The Lettermen's Club is a group organized for the benefit of the boys who participate in sports and also for the benefit of the school. At this time a constitution is being prepared and will be presented to Mr. Barr for approval some time in the future. The present plan is for all the coaches to be the sponsors.

There is an honor committee which is considering all the things which may be included under disciplinary procedures and honor for awards.

A historical committee will keep a record of athletic alumni. We have in mind a Father and Son banquet which we would like to make an annual affair.

Miss Adele Thym

Fascinatin' Rhythm Makers

Vocal Music

"Music is the key that opens the door to a happy life."

It is the ultimate goal of the musical student body of Soldan-Blewett to become well-versed in music appreciation and performance. This goal is a reality of most of these students because of the able leadership of Miss Thym.

Each year more than 300 students are placed in various groups and become part of the music family.

The ambition of all these students is to reach the A Cappella Choir, which now has seventy members. The Choir is the senior music group and represents the student body throughout the city. An example of this would be the fine caroling done over the Christmas holidays and television programs as well as programs for civic groups such as college club and Women's Club of Richmond Heights.

Chaminade, named after Madame Chaminade (1861-1944) because of her recognition as the first woman composer, is divided into two groups of girls. The most advanced is called Senior Chaminade which has sixty-eight members. These girls work diligently and participate in many school programs. Also there is Junior Chaminade which strives to teach necessities in correct singing. After they achieved this they may advance into more experienced groups.

Another music group which is considered outstanding is the Boys' Glee Club with twenty-seven members. These boys have fine voices which have been developed after a few terms.

Vocal Ensemble is a mixed group composed of students who wish to become more proficient in tone blending and parts. Not only is singing done but records are played. Well known alumni often visit and perform for them.

Junior Chorus is strictly for freshmen. Here students come three times a week in order to qualify later for more advanced groups. The members become acquainted with Soldan-Blewett's Music Department.

The students feel that it is quite an honor to belong to the music family. They believe that each member is an honest, straight forward person able to set an example for the rest of the school. Everyone is invited to try out with Miss Thym, and become a member of our music family.

Concert Band

The Concert Band is an organization which has a great part in contributing to the school spirit of Soldan-Blewett. The band is present at every football game. It not only plays marches during the game, but it puts on a special show during halves. The band plays at special "pep sessions," and also during other auditorium sessions. With the cooperation of the vocal groups it presents a fall and spring concert. Members of the band often entertain at the Mothers' Club meetings. The band also participates in many civic parades.

Anyone with an interest in music can become a member of the Concert Band. Membership can be achieved by progression through Junior and Intermediate Band. It can also be achieved by an examination.

Toot Your Horn

Junior Band and Orchestra

Members of the band receive letters based on the length and amount of service which each has contributed. After the letter is received, he may receive arm bands, signifying additional service.

The Concert Band meets daily during the "A" period in room B24, and is under the able direction of Mr. L. Mantese. Not only does the whole band rehearse together, but there are sectional rehearsals. The lead members of each section may aid the other members by special instruction or by helping them during rehearsals.

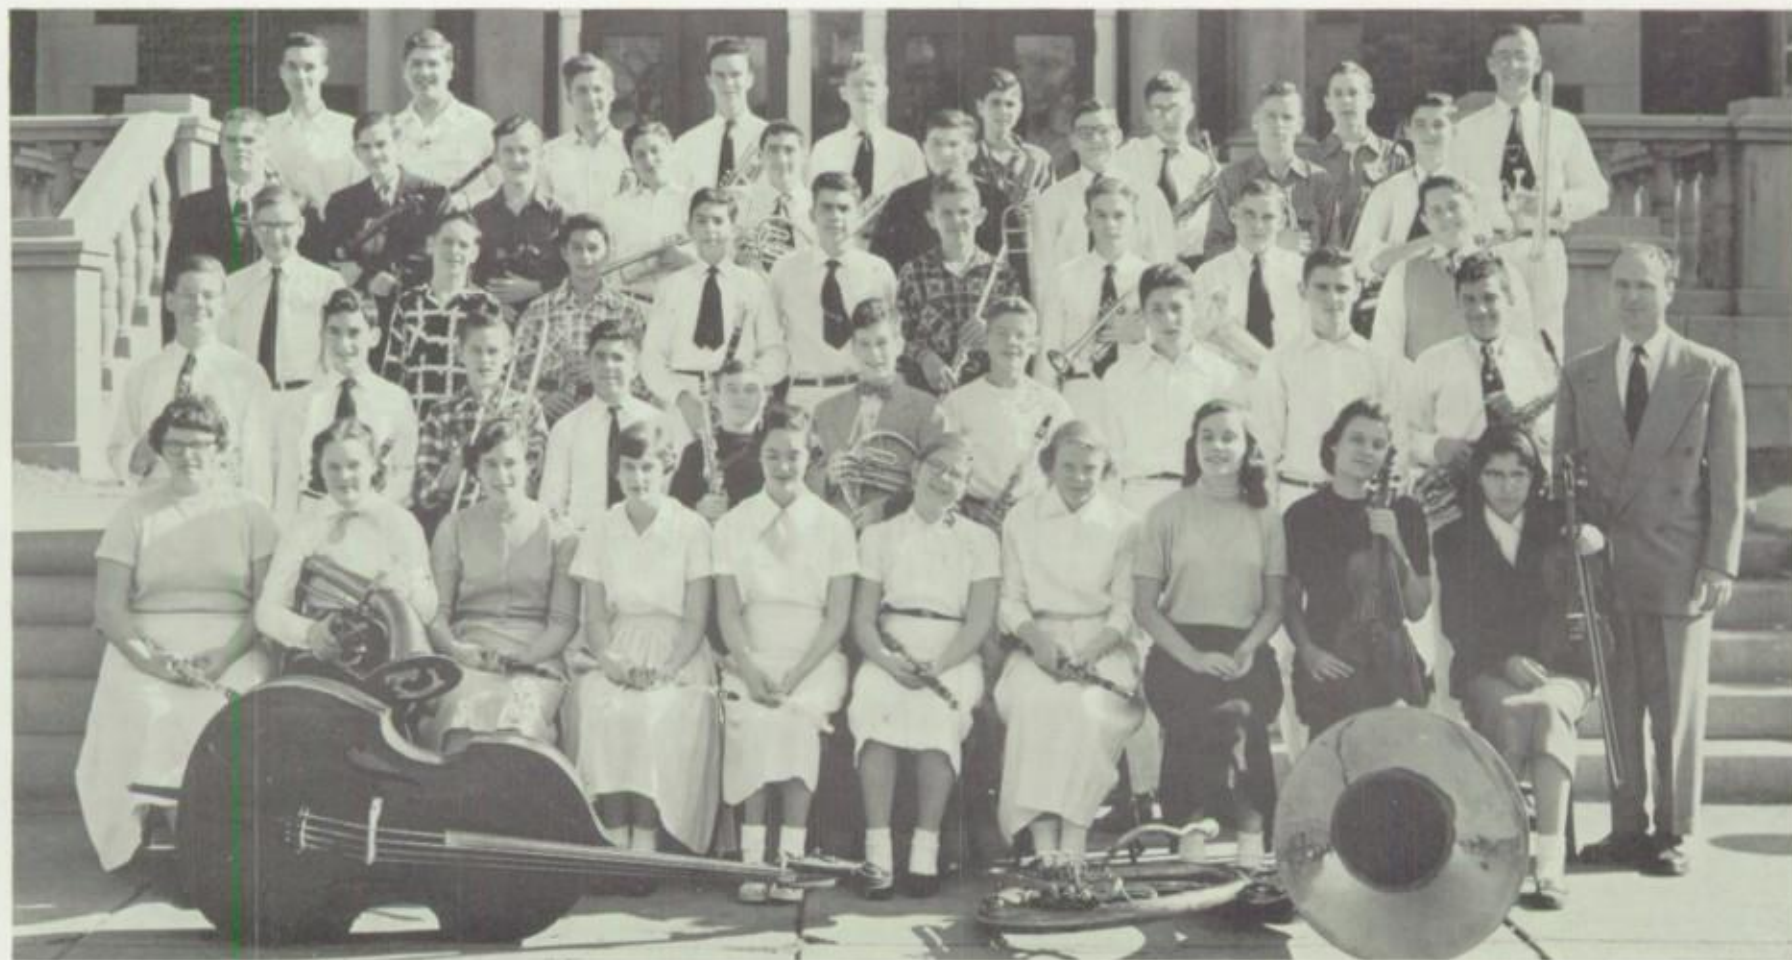

The Board of Education furnishes the large instruments, uniforms, and music. Students furnish the smaller instruments.

The band is making a continuous effort to increase its membership, and great progress has been made through this effort.

S P O R T S

That group of students, the athletes, who so unselfishly devote their time and energy to the honor of the school, are represented in this section of the yearbook.

No one but an athlete can appreciate the hard work and number of injuries suffered in playing football, the long endurance sessions of the track-man and swimmer, the many hours spent in learning and perfecting gymnastic exercises, and the constant striving for improvement of play on the basketball court, baseball diamond, tennis court, and golf links.

But in the final analysis, as it is said in the Olympics, "The important thing is not in winning but in taking part."

Football

We would like to thank the coaching staff, Mr. DeFilio, assisted by Mr. Hatfield and Mr. McEachron, for the fine spirit which the team showed this year. Although we didn't win a single game all year and scored only two touchdowns, the team played in such a way as to make everyone proud of them.

We lost our first game on September 19, before an enthusiastic crowd, as the U. City Indians won 19-0.

We then journeyed to East St. Louis and lost by an overwhelming score, 53-0. But the line played very creditably as East Side had to score all but one of their touchdowns through passing.

Entering league play, the team lost a close one to Cleveland 12-0. We were often deep in their territory, due to fine passing of Duke and Holt, but weren't able to cross the final stripe.

The following week we were badly beaten by Beaumont, and it was only due to the fine playing of Tony James, that the score wasn't larger than 39-0.

Then followed a non-league game which was lost to Kirkwood 26-0.

We then met powerful McKinley and played very encouragingly but lost 21-0. The Tiger offense was good due to fine running by Cornell Bowen.

In the Roosevelt game which followed, Ed Stein, helped by the fine playing of his brother Joe,

kept us from another shutout as we lost 46-6. The high score indicated the injuries of such players as Mullen, Becker, James, and English.

We lost our big homecoming game to Central 19-6, but Bowen set up a score by a long run and Ed Stein carried it over to help lessen the defeat.

In our last game several of the boys, Benkelman, Hicks, and especially Mori showed signs of improvement but fumbles costs us a 19-0 defeat at the hands of Southwest.

Mr. McEachron — Mr. De Filio

Basketball

With almost all of last year's fine basketball players graduated, Coach Frankenberger had a tough job on his hands when the season started. It was apparent from the opening of the season that the Tigers would not win too many games, but this did not keep the team from trying.

With quite a few lower term boys on the squad, Coach "Frank" had to sacrifice the use of sen-

one game, that a league game with Central, 65-41. The team lost quite a few close games which Coach "Frank" could have won had he decided to use seniors Andrews and injured Williams, but he wisely chose to give the "sophomore" team as much experience as possible. With flashes of brilliance from Carafiol, Fisher, and Stein, indications are that the team should make a good showing next year.

FIRST ROW: Funkhauser, Stein, E., Andrew, Bowen, Carafiol, Goldberg. SECOND ROW: Benkelman, Becker, Williams, Fisher, Lahay, Lewis, Stein, J., Yancey, Shelton, Mr. Frankenberger.

iors Don Williams, Nate Goldberg, and Captain Marv Andrews, all of whom played very creditably when they were in, so that he could give the lower termers needed experience for next year. The starting team composed mostly of sophomores was made up of Fisher, Carafiol, Funkhouser, Stein and Lahay.

The team ended the season with a far from an impressive over-all record, winning only

Carafiol and Fisher started the season strongly but Stein was more consistent and finished the season in fifth place in the Public High League, which is not bad for a sophomore.

So, with the basketball season over, all that we can do now is hope for the best for next year's team: Benkleman, Bowan, Carafiol, Fisher, Funkhouser, Lahay, Lewis, Shelton, Stein, and Yancey.

Baseball

The 1953 Soldan-Blewett baseball team, unlike most of the other school's teams, has quite a few experienced players from last season and the results are already showing.

With Mr. Walka's hard work and such players as Mark Herman, Marv Andrews, Don Carafiol, Chuck Lahay, Bill Funkhouser, Ed Stein, Charlie Yancey, Clyde Sells, Dave Grossman, and Cornell Bowen, returning from last year's team, the boys should really go places.

If the first few games are any criterion, the team will have an abundance of hitting power and if the pitching is kept up by Herman and Yancey, the team will be very hard to beat.

At present the boys are in second place in the public league. We hope the team will continue its fine play and bring us home a trophy by finishing the season on top.

Track

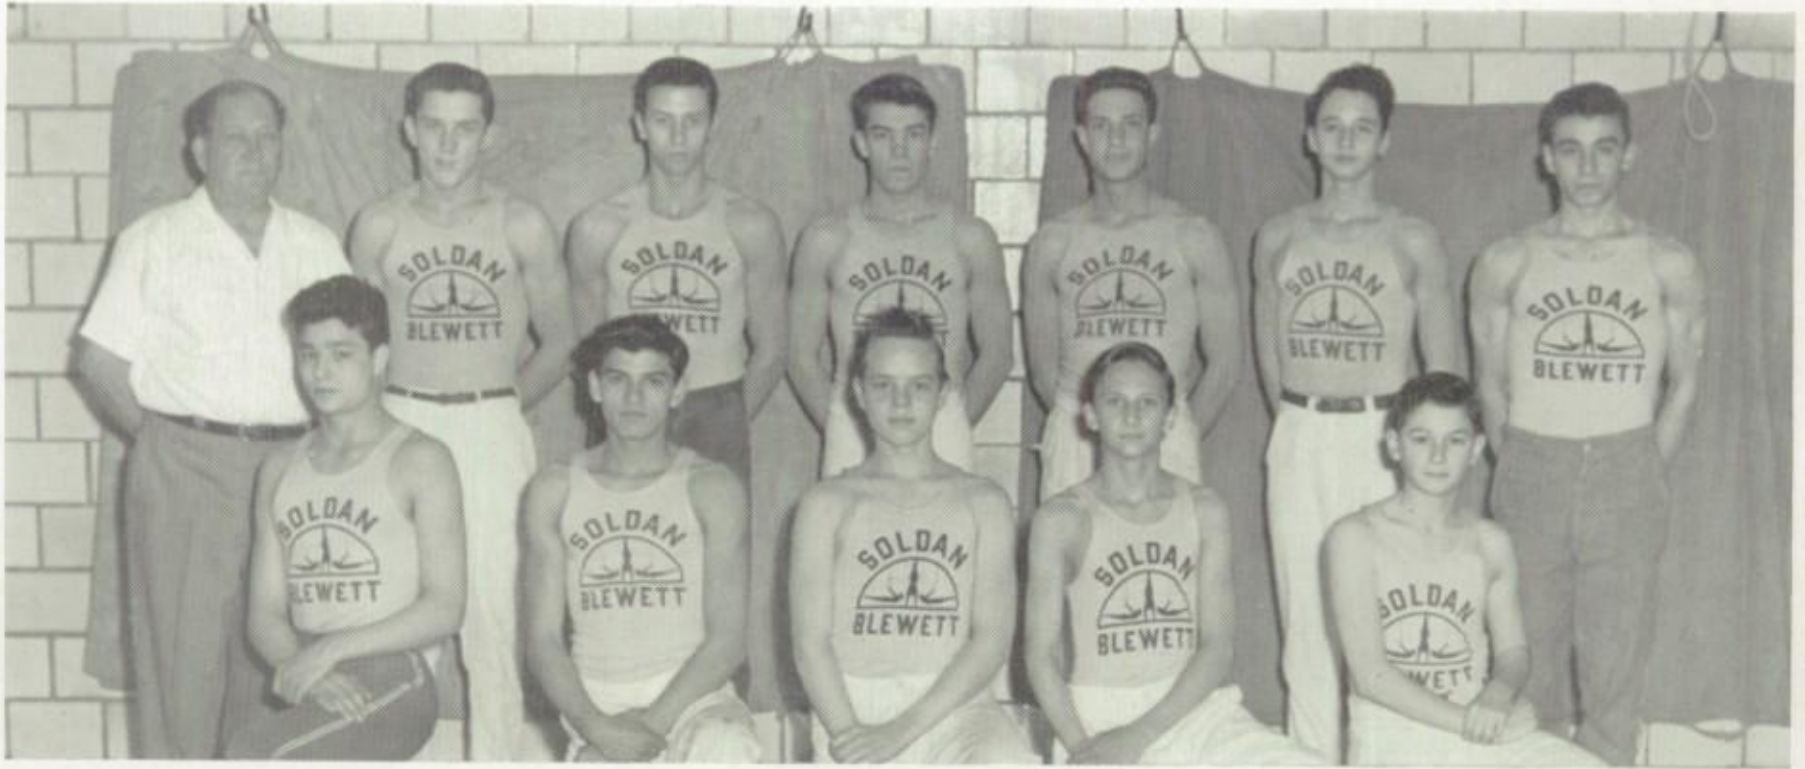

Soldan-Blewett, once a power in city athletics, but now only a shadow of its past glory seems to be making a comeback in many of the fields of athletic endeavors. One of the most striking examples is its young and powerful track team which most likely will contend for top honors in city wide competition. Hugh Wilson and Max Schwartz, returning lettermen, have both shown excellent time in the sprints. Quarter milers Mullens, Benkelman, and Schaap all seem to be up around their peak in condition and performance and are also among the returning lettermen of last season. The 880 and mile

will be adequately taken care of by veterans Mayer, Fitzgerald, Huffman, and Hicks. In the hurdles Soldan-Blewett is fortunate to be represented by Weber, Kellar, and Bach as they should add many points to the team's record this year. Coach DeFilio deserves a big hand for the diligent work he has performed on behalf of the track team.

The highlights of this year's competition as usual will be the main event, the field day meet. Soldan-Blewett, we are sure, will hold its head high on this important night.

Gym Team

The 1953 Soldan-Blewett gymnastic team had a tough job on its hands, trying to equal the performance of last year's city, state and Invitational Champions. But the season opened successfully as the first team, Cejudo-Alva, Indelicato, Jones, Kodner, and Londe easily won the Invitational meet which was held December 28, at the North Side Y.M.C.A.

The meet saw Londe, who had recovered from last year's injury, successfully defend his all-round title, closely followed by Indelicato, who placed second in the all-round and Jones

who was third — Kodner and Cejudo-Alva also performed creditably, Kodner placing seventh. The team won the first place trophy followed by Hadley and Sumner.

The city meet was next on the schedule and Mr. Seitz's boys were picked to win easily. But with the loss of several regulars the team placed third, the only bright spot being Indelicato's win of first place title and Jones' eighth place.

The team is now working out for the Ozark A. A. U. meet and is hoping for better luck.

The purpose of the gym club is to prepare its members for participation on the school's gymnastic team and to develop its members under the motto, "A strong mind in a strong body." Judging from the team's performance in past years, we would say that the club has successfully realized its goal.

The club was originated in 1913 by Dr. Otto Koenig. Then in 1939, the club's direction was taken over by Mr. Plag and since 1951 has been under the supervision of Mr. Seitz.

The members of the club practice many hours on the parallel bars, horizontal bar, side horse, long horse, and rings. The club practices every morning before school and twice a week after school.

Here's hoping the club continues to function successfully in the future years and continues to produce championship gymnastic teams.

Golf

Paced by last year's lettermen, Gahen, Wolff, and O'Neal, this year's Soldan-Blewett golf team swung into action against Beaumont. The early form of this year's team composed of Holt, Lewis, Gahen, O'Neal, Spence, Litzman, Gilbert, Spiegelglass, and Wolff, showed many hours of diligent driving and putting practice. The schedule this year shows the boys meeting the public high school teams as well as many county teams. They are, however, without any league organization this year. Coach Plag, who keeps a watchful eye on his hill and dale men, feels confident of a successful season.

The entire school will look forward to the golf team adding its usual number of laurels to the name of Soldan-Blewett.

Tennis

A few weeks after the beginning of the new semester, on September 15 that group of racket swingers who make up our tennis team started practicing on the beautiful Forest Park tennis courts. Instructed by Coach Plag and their able captain, Sanford Astor, the only returning

letterman, the team really worked hard but without the success of the teams in the previous years. The netmen playing seven meets in all won only one against McKinley by a score of 3-2, thus ending the season in fifth place.

The team consisted of Sanford Astor, who played first singles, Lloyd Goldman, the assistant captain, who played second singles, and Neal Goodwin who played third singles. First doubles were played by Richard Edwards and Larry Rogul. Mel Roman and Ken Rothman played second doubles. Their faithful alternate was Richard Simon. Sanford Astor placed second in the finals at the State High School Tennis Tournament at Columbia, Missouri.

For their hard work the entire team were awarded letters.

FIRST ROW: Simon, Goodwin, Goldman, Astor. SECOND ROW: Rothman, Roman, Rogul, Edwards, Mr. Plag.

FIRST ROW: Barban, Bennett, Migdall, Cohen, Kodner, Schaap. SECOND ROW: Feeney, Shapiro, Heiman, Richey, Brand, Breen, Carnaghi. THIRD ROW: Gallagher, Goodman, Rothman, Rosenblum, Mullen, Axelbaum, Wilson, Cejudo-Alva, Mr. De Filio.

Swimming

Starting the 1953 season the potential aquatic-stars under their new coach, Tony De Filio, began their swimming practice. Veterans Stanley Rosenbloom and Marty Migdal, the distance men, Bob Schaap, individual medly swimmer, and Ken Rothman and Hugh Wilson, the backstrokers, formed the nucleus of an experienced and well-balanced team. Up and coming freshman Al Lever appeared to give the team the necessary strength for a successful season.

The team dropped its opener to St. Louis U. High but came back to beat McKinley in its inaugural league meet and looked forward to constant improvement as the season progressed. The fellows eagerly awaited to compete in the annual state meet at Wilson Pool, Washington University. The competition was extremely rugged inasmuch as some of the best swimmers throughout the state were present. While many came close to placing, no firsts were taken. Lettermen this year are: Breen, Heiman, Migdall, Kodner, Schaap, and Gallagher.

Cheer Leaders

This is a group of peppy girls chosen each term by the former cheerleaders and their sponsor, Mr. Walka.

Each year they do a splendid job on the field and in the school to perk up the students and get some school spirit.

Girls' Athletic Association

The Girls' Athletic Association is the principal sports organization for girls at Soldan-Blewett. The club teaches good sportsmanship, co-ordination, knowledge, and skill in the various sports. In the organization, the girls have the opportunity to earn a letter. It is done by the point system. The girls earn points by participating in the various activities. Service points

namement was held and good fun and competition was had by all.

A Modern Dance Class was started and many of the girls joined and showed their talents.

The spring brought track and field, softball, and tennis. During the year the G.A.A. had the Officials' Club where girls learn to referee and umpire in the different sports.

are also necessary and these may be earned by helping the G.A.A. in extra activities. The girls may earn a small letter, large letter and a pin if they participate in the organization four years.

In the fall the girls began by playing volleyball and field hockey. Field hockey is a new sport, but it seemed to be enjoyed by many girls. Basketball began in December. A tour-

The G.A.A. had several special events during the year: a Cake & Coke Sale, an Award Party; entertaining other schools and entertained by them.

The G.A.A. would like to thank the two sponsors, Miss Ulery and Miss Mueller who make these many activities possible.
